

UTAH COUNTY BOARD OF HEALTH

Resolution 14-05

TITLE: Retire Regulations for Water, Sewage and Solid Waste services in Subdivisions Located Within the Boundaries of Utah County, Utah.

AUTHOR: Bryce C. Larsen, Division of Environmental Health, Utah County Health Department

REFERRED TO: Utah County Board of Health

Whereas, Regulations for Water, Sewage and Solid Waste services in Subdivisions Located Within the Boundaries of Utah County, Utah were brought before the City-County Board of Health of Utah County in 1971 and 1972 to regulate the public water supply, septic tank density, and solid waste disposal in subdivisions, and

Whereas, existing State rules including Utah State Rules R309, R317, and R315 are enforced by the Utah County Health Department, and

Whereas, these existing State rules including Utah State Rules R309, R317, and R315 accomplish the purposes intended by our Regulations for Water, Sewage and Solid Waste services in Subdivisions Located Within the Boundaries of Utah County, Utah therefore, be it

Resolved, the Regulations for Water, Sewage and Solid Waste services in Subdivisions Located Within the Boundaries of Utah County, Utah are hereby retired.

Approved and adopted January 27, 2014
Date

Doug Witney, Chair
Utah County Board of Health
